KELTEK TRUST

Conservation by Re-use

Helping churches acquire surplus and/or
redundant bells to be hung
for English-style full-circle bell-ringing.

Campton, Bedfordshire, All Saints

During 2006 the old ring of five bells was replaced with a newly cast ring of eight. We acquired two of the old ring and they are now the 2nd and 3rd of the ring of six at Otham, Kent.

for English-style full-circle bell-ringing.

Kempston, Bedfordshire, All Saints

The 7th and tenor bells have been replaced with two bells ex-Prinknash Abbey. The “new” bells are the 5th and tenor of the former chime at Prinknash Abbey. The replacement work was completed during December 2019.

for English-style full-circle bell-ringing.

Millbrook, Bedfordshire, St. Michael

The Trust located two bells to augment the chime to four. One bell came from Lanchester, Durham and the other from Prittlewell, Essex.

Steppingley, Bedfordshire, St Lawrence

The unringable ring of four bells has been restored and augmented to a ring of six bells. The additional treble bells, one ex-Headington, Oxfordshire and the other ex-St Mary, Low Harrogate, North Yorkshire have been donated by the Keltek Trust.
