KELTEK TRUST

Conservation by Re-use

Helping churches acquire surplus and/or
redundant bells to be hung
for English-style full-circle bell-ringing.

Wokingham, Berkshire, All Saints

The ring of eight had four bells replaced in 2004 to improve the tuning of the overall ring. These bells were offered to the Trust for re-location elsewhere.

The pre-2004 treble and 2nd bells are now the two trebles of the augmentation from three to six at Hampsthwaite, North Yorkshire.

The pre-2004 3rd is now the 7th of the ring of eight at Orange, NSW, Australia and the pre-2004 6th has been installed for chiming at Mucknell Abbey, Worcestershire.
