KELTEK TRUST

Conservation by Re-use

Helping churches acquire surplus and/or
redundant bells to be hung
for English-style full-circle bell-ringing.

Christchurch, NZ, St Peter (Upper Riccarton)

The largest single donation to date made by the Keltek Trust is eight bells to be installed at St Peter's church, Upper Riccarton. It had been expected that the ring would have been installed in a purpose designed and built structure by the side of the Transitional Cathedral. However the costs of construction are deemed prohibitive and the bells are now to be installed at St Peter's, Upper Riccarton.
