Conservation by Re-use

Helping churches acquire surplus and/or
redundant bells to be hung
for English-style full-circle bell-ringing.

Car Colston, Nottinghamshire, St Mary

The unringable ring of four bells has been restored and augmented to six. The Trust supported the project by donating the treble bell and contributed towards a set of bell fittings.

redundant bells to be hung
for English-style full-circle bell-ringing.

Caunton, Nottinghamshire, St Andrew

A bell (ex-Apethorpe) located by the Trust was installed in 2000 when the bells were augmented to four. During March 2002 the bells were augmented to five using a bell donated by the Trust. This bell was part of the clock chime from New Shildon, Co. Durham. In 2003 a newly cast treble was added to complete the ring of six.

Farndon, Nottinghamshire, St Peter

We assisted the augmentation project at Farndon by locating one of the two bells added to the pre-2000 ring of four. The surplus bell came from the Isle of Wight and is now the second of the ring of six.

Gringley-on-the-Hill, Nottinghamshire, St Peter & St Paul

The Trust located two bells which were used to augment the 15 cwt ring of four bells to a ring of six. The project was completed during January 2002. The 2nd of six came from Sheldwich, Kent and was the 2nd of the pre-1998 ring.

redundant bells to be hung
for English-style full-circle bell-ringing.

Hawton, Nottinghamshire, All Saints

The unringable ring of four bells has been restored and augmented to a ring of eight. The existing treble bell has been retired and is now the service bell. The existing ring were in a minor key and the back three are now bells five to seven of the restored ring. We donated a redundant bell ex-Christ Church, Bishopwearmouth as the new tenor. Two bells ex-Cheltenham, St Mary are the treble and 4th of the eight. The restored ring was dedicated on 2nd November 2019. There are plans in hand to augment to ten and we have offered a bell suitable as the 2nd of ten.

redundant bells to be hung
for English-style full-circle bell-ringing.

Kelham, Nottinghamshire, St Wilfrid

The unringable ring of three bells was restored and a redundant bell added during the last quarter of 2015 and January 2016. During October 2019 two trebles were added to complete the ring of six. The Trust has donated a bell previously installed in the redundant church of St Simon & St Jude, Bolton, Greater Manchester as the treble of six. A bell ex-Taynton, Oxfordshire is the 2nd of six and has also been donated by the Keltek Trust.

Misterton, Nottinghamshire, All Saints

We have offered to donate a replacement bell and three treble bells to augment the ring of three to six. The bells have come from Leeds, Hunslet, St Mary the Virgin; Rochdale, St Chad; Twyford, Hampshire, St Mary the Virgin and Over Kellet, Lancashire, St Cuthbert. The three smaller bells came available when the existing rings were either replaced or improved.

Thoroton, Nottinghamshire, St Helena

The ring of two was restored and augmented to three in 2008 by adding a tenor bell acquired by the Trust. The Southwell & Nottingham Bell Restoration Fund purchased a bell from the Trust in 2010 and it was installed in 2011 as the treble of four. On 1st November 2013 the bells were augmented to six, the treble bell was cast in memory of Sarah Stonehouse.
