12<sup>th</sup> September 2012: The Trust is to donate a bell to Thoroton, Nottinghamshire as part of the project to augment the ring of four to six.

19<sup>th</sup> August 2012: It is proposed to install a ring of bells at St Hilda's church, Katoomba, NSW, Australia. One of the bells is being donated in memory of Sarah Stonehouse.

15<sup>th</sup> August 2012: Wookey PCC are not proceeding with the replacement tenor bells. The back three 1952 Taylor bells from the Liverpool, St Mary (RC) chime are now available for re-use elsewhere.

27<sup>th</sup> July 2012: A small Taylor bell is to replace a cracked bell at St James the Less, Hambridge, Somerset.

30<sup>th</sup> June 2012: The Trust is to supply five second-hand bells that will form the back five of a proposed light ring of six at St Catherine, Lincoln.

15<sup>th</sup> June 2012: An ex-Trinity House bell is to be installed for chiming at the Malta Maritime Museum.

31<sup>st</sup> May 2012: A bell ex-Poole Sanatorium is to become the third of the proposed augmentation from three to six at Combe Raleigh subject to faculty etc.

30<sup>th</sup> May 2012: One of the ex-High Wycombe bells is to become treble of six at Bicknoller subject to faculty & fund raising.

28<sup>th</sup> April 2012: One of the pre-2012 bells from High Wycombe is to become the third of the proposed ring of six at St Mary, Kilburn, London and is being donated in memory of Sarah Stonehouse.

30<sup>th</sup> March 2012: Two of the pre-2012 bells from High Wycombe are to augment the ring of four at St Oswald, Horton-in-Ribblesdale to six.

19<sup>th</sup> March 2012: A modern Taylor bell ex-Speke, St Aidan bell is to replace the cracked 7<sup>th</sup> at Highworth, Wiltshire.

12<sup>th</sup> March 2012: One of the pre-2012 bells from High Wycombe is to be installed for chiming at St Michael's tower, Gloucester.

17<sup>th</sup> February 2012: Subject to faculty etc. the octave from Halewood (which is too heavy for the tower) is to be removed and installed at St Stephen, Barbourne, Worcester. It is proposed to install a lighter ring of bells at Halewood after completion of tower repairs.

4<sup>th</sup> February 2012: A surplus bell from Treorchy, S. Wales to be installed in a church in Malta.

1<sup>st</sup> February 2012: A 12" diameter bell from Coseley to be installed at the Roundhouse (former prison), Fremantle, WA.

4<sup>th</sup> January 2012: A bell loaned for use in the "Out of Tune" exhibit at the 2011 Folkestone Triennial Arts Festival has now been sold to the artist A K Dolven.

## **Keltek Trust activities for 2011**

28<sup>th</sup> November 2011: A bell removed from St Matthew, Treorchy is to become the second of five at Elmsett, Suffolk.

22<sup>nd</sup> November 2011: An unused bell cast by Miles Graye in 1621 to be put on display in the original three-bell frame ex-Stoughton at the Weald & Downland Museum, Sussex.

5<sup>th</sup> September 2011: A small ex-Trinity House bell is to be installed for chiming at Christ Church, Hendon.

26<sup>th</sup> August 2011: A light ring of six bells to be installed at St Giles, Farnborough, Kent. The back four bells and the treble have been located by the Trust.

4<sup>th</sup> August 2011: One of the pre-2008 bells from Scraftoft is part of an exhibit at the Folkestone Triennial Arts

Festival entitled “Out of Tune” by the Norwegian artist A K Dolven; it is on show between 25th June and 25th September.

28<sup>th</sup> July 2011: A modern Taylor bell from the demolished church of All Souls, Salford to replace the tenor at Shelford, Nottinghamshire. The Trust is buying back the ex-St Aidan, Speke bell that had been sold to Shelford in 2009.

17<sup>th</sup> July 2011: A light ring of six bells to be installed at Portsmouth, St Agatha. The back four bells have been provided by the Trust.

12<sup>th</sup> June 2011: A light ring of eight bells (tenor weight 70kg) is to be incorporated into a privately owned campanile in Alderney.

11<sup>th</sup> June 2011: The last remaining bell from the eight-bell chime at St Mary, Highfield St, Liverpool is to become the replacement third bell at Stoke Canon, Devon.

2<sup>nd</sup> June 2011: A small chiming bell to be installed at Coddington College, Barbados.

30<sup>th</sup> May 2011: The Scottish Association of Change Ringers have decided on a third project using bells from the redundant churches of St George’s North, Greenock and Quarriers Village. The six remaining bells are to be installed as the back six of a light ring of twelve at the Tulloch Ringing Centre.

2<sup>nd</sup> April 2011: A redundant bell from Hednesford to be installed for chiming at St Francis of Assisi, Mapinduzi, Tanga, Tanzania.

25<sup>th</sup> March 2011: A redundant bell from Semilong, Northampton to be installed at Astley, Shropshire.

24<sup>th</sup> March 2011: One of the surplus bells from St Albans Abbey to become the treble of six at Thurston.

9<sup>th</sup> February 2011: A 12” diameter bell to be installed in a church in Lincolnshire.

30<sup>th</sup> January 2011: A surplus bell from the Exeter Diocese to be installed for chiming at Farnham, Dorset subject to faculty etc.

26<sup>th</sup> January 2011: A surplus bell from Coldhurst, Oldham is to replace the cracked third at Scraftoft, Leicestershire.

24<sup>th</sup> January 2011: A bell removed from the redundant church of Middle Handley, Derbyshire is to become the 4th of the proposed light ring of six at St Peter’s School, Johannesburg.

12<sup>th</sup> January 2011: A surplus bell from Wolverhampton to be installed for chiming in Lesotho.

11<sup>th</sup> January 2011: A small bell to replace a cracked bell at the University of Notre Dame, Fremantle, WA.

5<sup>th</sup> January 2011: A replacement bell located to replace one stolen from a bell-hanger’s premises before it could be collected by the prospective purchaser.

5<sup>th</sup> January 2011: A 13.75” diameter bell cast by Warners in 1891 has been stolen from Christ Church, Watford; it was about to be removed and sent to a new home in Tanga, Tanzania.

### **Keltek Trust activities for 2010**

21<sup>st</sup> December 2010: Subject to faculty the back three ex-Liverpool, St Mary (RC) bells are to be installed at Wookey, Somerset. The existing back three of six will be retired and used as chiming bells.

11<sup>th</sup> November 2010: Two of the ex-Prittlewell bells acquired for a possible new ring of bells at St Mary, Kilburn, London.

22<sup>nd</sup> October 2010: The proposed augmentation from 3 to 6 at Wickersley has been abandoned; the Trust has repurchased the ex-Liverpool, St Mary (RC) bells from the parish.

11<sup>th</sup> October 2010: The ring of four at Drayton Bassett, Staffordshire is to be augmented to six with the inclusion of a modern surplus bell as the treble of six.

15<sup>th</sup> September 2010: Another new ring of bells for Scotland. St John’s Episcopal church, Dumfries hope to install a ring of six or eight bells based on five bells provided by the Trust. This is the second Scottish bells project using bells from the redundant churches of St George’s North, Greenock and Mount Zion, Quarriers Village.

15<sup>th</sup> September 2010: A ring of six bells is to be installed at St Salvator’s Chapel, St Andrews, Scotland. Two

existing bells will be augmented with a newly cast bell and three second-hand bells provided by the Trust. The bells are to be dedicated on Sunday 3rd October.

30<sup>th</sup> August 2010: A light ring of six bells has been installed at Imber, Wiltshire

27<sup>th</sup> August 2010: A small bell acquired by an individual in Shropshire.

13<sup>th</sup> August 2010: A surplus bell from Corpus Christi College, Oxford to be relocated to Blackfriars College.

12<sup>th</sup> August 2010: The former 5th bell from Prittlewell to become the treble of a chime of four at Millbrook, Bedfordshire.

11<sup>th</sup> August 2010: The pre-2008 chime at Bangor, N. Wales is to be installed for ringing at St Leonard's, Naremburn, North Sydney.

10<sup>th</sup> August 2010: The former treble bell from Prittlewell to become the second of the proposed augmentation from four to six at Willingale, Essex.

6<sup>th</sup> August 2010: The former 4th bell from Prittlewell to become the treble of six at Temple Guiting, Gloucestershire.

5<sup>th</sup> August 2010: A 24" diameter bell from Holy Trinity, Brighton acquired for use as a clock chime bell at Little Paxton, Cambridgeshire.

3<sup>rd</sup> August 2010: A 10.6" diameter bell acquired by Bangor University Chaplaincy.

1<sup>st</sup> August 2010: Two surplus bells from St Albans Abbey to be used (subject to faculty) as the treble and second of the proposed augmentation to six at Corby Glen.

31<sup>st</sup> July 2010: Three bells from Prittlewell to be installed as a chime at the Malta Maritime Museum.

20<sup>th</sup> July 2010: A Rudhall bell cast in 1772 is to replace a bell stolen from St Peter, Darby End, Dudley.

9<sup>th</sup> July 2010: A bell acquired on ebay to be installed at Elmsett, Suffolk to augment the ring of three to four.

10<sup>th</sup> June 2010: A small bell acquired from an Antique shop in Kent to be used as the treble of a the ring of six at Imber, Wiltshire.

1<sup>st</sup> June 2010: Three second-hand bells to be used in a scheme to create a ring of six bells at St Salvator's Chapel, St Andrews, Scotland.

10<sup>th</sup> May 2010: A bell from the redundant church of St Catherine, Dodington, Whitchurch, Shropshire to become the treble of six at Chideock, Dorset.

9<sup>th</sup> March 2010: A surplus bell from Upper Beeding to become the treble of five at Newnham, Hampshire.

8<sup>th</sup> March 2010: One of the ex-Quarriers Village chime to be incorporated into a new ring of six bells for Westwell, Kent.

6<sup>th</sup> March 2010: A listed bell from Kent acquired to augment the ring of 4 at Eakring, Nottinghamshire to a ring of five.

28<sup>th</sup> February 2010: A bell removed from St Bartholomew, Ewood Park, Blackburn to become the treble of four at Broomfield, Kent subject to faculty and available funds etc.

20<sup>th</sup> February 2010: A small bell acquired by the Royal Shakespeare Company, Stratford-on-Avon for use in a theatre production.

8<sup>th</sup> February 2010: The former 3<sup>rd</sup> bell from Shiplake is to replace the out-of-tune treble of four at Winterborne Stickland subject to faculty etc.

13<sup>th</sup> January 2010: The former 4<sup>th</sup> bell from Shiplake has been acquired by the Southwell & Nottingham BRF for use as the treble of four at Thoroton.

### **Keltek Trust activities for 2009**

26<sup>th</sup> December 2009: A small bell to be used as a clock bell at a stable near Perth, WA.

14<sup>th</sup> December 2009: A bell from Speke, St Aidan and an ex-Greenock, St George's North bell to replace two poor bells at Shelford, Nottingham (subject to faculty, fund-raising etc.).

2<sup>nd</sup> December 2009: A bell to be installed in a church in Sarawak and hung for chiming.

28<sup>th</sup> October 2009: A small bell supplied to Buckland, Oxon for a bell model.

10<sup>th</sup> October 2009: The ex-Shiplake 7<sup>th</sup> bell has been acquired by a bell-hanger for a potential augmentation project and the 6<sup>th</sup> and tenor bells have been sent to WBF for scrapping.

8<sup>th</sup> October 2009: Two ex-Shiplake bells to be used at Newnham, Hampshire as part of the project to restore and augment to a ring of five.

5<sup>th</sup> September 2009: Moseley, St Mary have acquired another of the Gillett & Johnston ex-Greenock chime. They have now acquired the back three bells of a proposed 18cwt ring of ten.

29<sup>th</sup> August 2009: A bell removed from St John's, Weymouth to replace a steel bell at Sibbersfield House, Churton clock tower.

27<sup>th</sup> August 2009: Two ex-Quarriers Village bells to be used at North Rigton, N. Yorkshire as part of the project to install a light ring of five based on the redundant bells from St Bartholomew, Ewood, Blackburn.

23<sup>rd</sup> August 2009: One of the former Upper Beeding trebles is to become the treble of eight at Menangle, NSW after tuning.

17<sup>th</sup> August 2009: The old 6th bell from All Saints, Wokingham is to be installed for chiming at Mucknell Abbey, Worcester.

13<sup>th</sup> August 2009: Three ex-Cradley Heath bells are to be installed at St John the Divine, Merton, London as part of the installation of a ring of eight bells at the church.

13<sup>th</sup> August 2009: A surplus bell (ex-Lanchester) is to be installed as the second of a chime of three at Millbrook, Bedfordshire.

6<sup>th</sup> July 2009: A small second-hand bell to re-instate a missing bell at the former school at St Pinnock, Cornwall.

17<sup>th</sup> June 2009: A second-hand bell to be installed as treble of six at Hutton, Somerset.

14<sup>th</sup> June 2009: The old 5<sup>th</sup> bell from Shiplake may become the third of a chime of four at Nunton, Wiltshire.

1<sup>st</sup> June 2009: A small undated bell to be installed for chiming in Sierra Leone.

26<sup>th</sup> May 2009: The bells project at St Mary's, Moseley has changed from installing a ring based on the ex-Cradley Heath tenor bells to a ring based on the tenor bells from St George's North, Greenock. The ex-Cradley Heath bells are being released for re-use elsewhere and it is planned to use them at St John the Divine, Merton, London as part of the installation of a ring of bells at the church.

24<sup>th</sup> May 2009: A surplus old-style tuned bell from Hugh Town, Scilly Isles is to replace the modern True Harmonic 7th bell in the ex-Widnes ring currently in storage with the Merseyside Bell Restoration Group. Update 13<sup>th</sup> August 2009: The bell was found to be cracked in the crown and will now be scrapped.

21<sup>st</sup> May 2009: A surplus bell from St Martin's church, Southdene, Merseyside to be installed at St Mary's Primary School in Liverpool.

19<sup>th</sup> May 2009: The unringable four at Little Paxton, Cambridgeshire are to be restored and augmented to six using at least one redundant bell.

21<sup>st</sup> March 2009: A second-hand bell to be acquired by an individual for a potential project.

21<sup>st</sup> March 2009: A second-hand bell to be acquired by a bell-hanger for a potential project.

12<sup>th</sup> March 2009: A second-hand bell to replace a cracked bell at Osborne, Dorset (subject to faculty etc.).

11<sup>th</sup> March 2009: A second-hand bell to be installed for chiming at Sts Peter & Paul, Shiplake, Oxfordshire.

10<sup>th</sup> March 2009: A second-hand bell to become part of a proposed mobile ring (subject to the project receiving funding). September 2009 – project has not received funding.

26<sup>th</sup> February 2009: A second-hand bell to be installed for chiming at St Mark, Mark Cross, East Sussex.

16<sup>th</sup> February 2009: Five second-hand bells to be used in the proposed ring of eight at Holy Cross RC church, South Ockendon.

6<sup>th</sup> February 2009: A second-hand bell to replace a cracked bell at a church in Suffolk.

26<sup>th</sup> January 2009: A second-hand bell to become the treble of a three-bell chime to be installed at Uckfield RC church, East Sussex.

25<sup>th</sup> January 2009: A surplus bell from St Ethelburga, St Leonard on Sea to be installed for chiming at Staplecross, East Sussex.

6<sup>th</sup> January 2009: A second-hand bell acquired for All Saints, Worcester.

### **Keltek Trust activities for 2008**

11<sup>th</sup> December 2008: A second-hand bell to be used at Nunney, Somerset as part of a proposed augmentation from six to eight.

14<sup>th</sup> November 2008: The Trust is to donate a second-hand bell to become treble of six at Herriard, Hampshire.

6<sup>th</sup> November 2008: The old treble of six from Kineton to be installed at Charwelton to augment the ring from four to five.

6<sup>th</sup> November 2008: A surplus bell to be installed at Farleigh Hungerford to augment the ring from five to six.

28<sup>th</sup> August 2008: Two bells to be installed for chiming at Burntisland, Fife.

30<sup>th</sup> July 2008: It is hoped that a ring of five will now be installed at Avington, Hampshire.

25<sup>th</sup> July 2008: A small bell to be hung for chiming at Bishopstone, Wiltshire.

18<sup>th</sup> July 2008: An unusual request: *Can we find a new home for a cracked medieval bell?* Much to our surprise we have! A cracked medieval bell from Upton Grey, Hampshire is to be fitted with ancient bell-gear and put on display in the Swan Tower, Perth, WA. It will be the oldest bell in Australia.

13<sup>th</sup> July 2008: Two bells from Tolland, Somerset to be installed for chiming at Uckfield RC church.

12<sup>th</sup> July 2008: A surplus Llewellyns & James bell to be installed for chiming at Heron's Ghyll RC church.

23<sup>rd</sup> June 2008: Two bells to be hung for chiming in Tonga. They are the 4<sup>th</sup> bell of the Murphy 8 from St Nicholas, Cork and the former 5<sup>th</sup> bell of the pre-2003 ring at Kettering.

2<sup>nd</sup> June 2008: The bell in memory of Sir John Smith, founder of the Manifold and Landmark Trusts is to be cast at Whitechapel on Friday 13<sup>th</sup> June.

4<sup>th</sup> May 2008: An ex-Trinity House buoy bell to become treble of four at Maplebeck, Nottinghamshire.

2<sup>nd</sup> March 2008: A second-hand bell to become the second of the proposed restoration and augmentation from 4 to 6 at Newnham, Kent.

7<sup>th</sup> February 2008: A surplus bell to become treble of four at Abbots Ripton, Cambridgeshire.

30<sup>th</sup> January 2008: The ex-Homerton bells have been offered to Stone-by-Dartford as St Nicholas, Deptford are not proceeding with the proposed bell installation project.

27<sup>th</sup> January 2008: The parish of Much Cowarne plan to accept funding from the Heritage Lottery Fund. It will allow the existing cracked tenor to be weld-repaired and the replacement bell offered by the Trust is no longer required.

24<sup>th</sup> January 2008: A modern surplus bell is to be acquired for a potential new ring of bells in NSW, Australia.

24<sup>th</sup> January 2008: A small second-hand bell is to be installed for chiming at St Peter's church, Coverack, Cornwall.

23<sup>rd</sup> January 2008: A large bell cast by James Duff & Son, Greenock to be used as part of the St Johns Mews, Glasgow development.

### **Keltek Trust activities for 2007**

20<sup>th</sup> December 2007: A redundant bell from Christ Church, Sparkbrook, Birmingham is to be installed for chiming at St Mary's RC church, Morecambe, Lancashire.

19<sup>th</sup> December 2007: The former ring of six bells from Woodlesford, Yorkshire has been acquired by the Trust and

put on offer to Kirkby Overblow, Yorkshire.

16<sup>th</sup> November 2007: An ambitious scheme to make good a lost ring of 6 bells at Avington, Hampshire is being considered. If a faculty is granted a ring of three bells will be installed with provision for future augmentation.

24<sup>th</sup> September 2007: In co-operation with the Scottish Association of Change Ringers, we have acquired the chime of 10 bells from St George's North, Greenock and the 12 from Mount Zion Church, Quarriers Village. It is hoped that many of these bells will be installed as new ringing peals of bells in Scotland. SACR website for more details.

21<sup>st</sup> September 2007: A bell from Holy Trinity, Formby is to replace the poor sounding second bell at Upton Magna, Shropshire.

27<sup>th</sup> 27<sup>th</sup> August 2007: A second-hand bell to be used to augment the ring of two to three at Elmsett, Suffolk.

20<sup>th</sup> August 2007: A small bell sold to a bell-hanger.

27<sup>th</sup> July 2007: It is anticipated that the modern Taylor chime of three bells from the redundant church of St Bartholomew, Ewood Park, Blackburn will be installed for ringing at North Rigton, North Yorkshire.

26<sup>th</sup> July 2007: The Trust is arranging for a bell to be cast in memory of Sir John Smith, founder of the Manifold Trust and the Landmark Trust. It will be donated to Stanion, Northamptonshire.

24<sup>th</sup> July 2007: Another second-hand bell acquired for the Clapham, North Yorkshire bell augmentation project.

20<sup>th</sup> June 2007: A second-hand bell used to augment Stawley from five to six.

19<sup>th</sup> June 2007: The "old" 8<sup>th</sup> bell from Charminster is to be used in an Australian project.

12<sup>th</sup> June 2007: A small bell to be installed for chiming at Dendron, South Africa.

11<sup>th</sup> June 2007: A small bell to be installed as part of a clock chime in Wantage.

23<sup>rd</sup> May 2007: The parish of Nafferton, E. Yorkshire have paid a deposit to acquire a surplus ring of six bells.

7<sup>th</sup> May 2007: An ex-Trinity House buoy bell to be used in the proposed restoration and augmentation at Hannington, Hampshire.

2<sup>nd</sup> April 2007: The treble of three from Rufforth, Yorkshire to be used as a clock chime bell at Eastbach Court, English Bicknor.

25<sup>th</sup> March 2007: Subject to survey, faculty etc. two surplus bells to become the 3<sup>rd</sup> and 4<sup>th</sup> of the proposed augmentation to six at Otham, Kent.

24<sup>th</sup> March 2007: The judgement of the Consistory Court is in favour of the parish of Horton, Gloucestershire restoring their ring of bells.

11<sup>th</sup> March 2007: A small bell from a redundant Martin Luther church in Bournemouth is to be installed at the Martin Luther church in Windhoek, Namibia.

17<sup>th</sup> February 2007: As announced on page 161 in the Feb. 16<sup>th</sup> issue of the *Ringing World* our 10<sup>th</sup> anniversary project is the installation of a light ring of bells at St Stephen's, Lansdown, Bath. It is hoped that the close links between St Stephen's and two nearby schools will be used to train new recruits into the art of bell-ringing. We hope a bell will be cast in memory of Robin Stubbs, tower captain of Bathwick until his untimely death. Donations may be sent to us for his memorial bell.

19<sup>th</sup> January 2007: A disused school bell cast by Carr of Smethwick to be installed for chiming at St Mary, Coity.

18<sup>th</sup> January 2007: Our last ex-Trinity House bell and an ex-Swindon bell to become the 5<sup>th</sup> and tenor of a new ring of six bells subject to faculty approval etc. See the Feb 17<sup>th</sup> announcement for more details.

### **Keltek Trust activities for 2006**

14<sup>th</sup> December 2006: A small redundant bell from Aldwick to be installed at Holy Cross, Coventry for chiming.

10<sup>th</sup> December 2006: The ex-Kettering 5<sup>th</sup> bell is to become the 2<sup>nd</sup> of the proposed augmentation to six at Kirkby Overblow, Yorkshire.

7<sup>th</sup> December 2006: The ex-Kettering 6<sup>th</sup> bell is to be installed for chiming in an Irish church.

6<sup>th</sup> December 2006: One of the pre-millennium ring of bells at Chilcompton is to be installed at Manor Farm, Wantage as a clock hour bell.

23<sup>rd</sup> November 2006: The larger of the two ex-Perry Hill bells is to be installed at St Paul, Canonbury, Islington as a clock chime bell.

15<sup>th</sup> November 2006: Subject to faculty approval a modern surplus bell to become the treble of six at Orton-on-the-Hill.

7<sup>th</sup> November 2006: A modern surplus bell to become the treble of four at Fourways Gardens, Johannesburg.

3<sup>rd</sup> November 2006: Another ring of bells for Australia: The parish of St Luke, Mosman Park, Perth, Western Australia are to acquire the pre-2006 ring of bells from St Minver, Cornwall. The tower has yet to be designed and built.

3<sup>rd</sup> November 2006: Two bells which will be removed from Rufforth when the new six is installed in 2007 are to become the trebles of six at Otterham, Cornwall.

1<sup>st</sup> November 2006: The ring of five at Lynsted, Kent are to be augmented to six using the smallest of the two bells from the now demolished church of St George, Perry Hill, London.

12<sup>th</sup> September 2006: The pre-2006 ring of eight from All Saints, Northampton might be hung for ringing overseas.

6<sup>th</sup> August 2006: A small bell to be installed in a bell-cote at Redenhall, Norfolk.

19<sup>th</sup> June 2006: The Trust has offered to donate a surplus bell from Reading, St Barnabas to St Swithun, Wellow, Nottinghamshire where it will become the treble of a ring of five.

13<sup>th</sup> June 2006: The Trust has acquired the two treble bells of the former East Acton chime that are currently hung at West Heidelberg, WA. They are to be replaced by heavier bells and the former 2<sup>nd</sup> bell is to become the treble of the proposed ring of eight at Balmain, NSW. The former treble bell will be used as a single chiming bell at Balmain.

12<sup>th</sup> June 2006: The ring of three bells at Rufforth, N. Yorkshire are likely to be replaced by the front four of the ex-Cradley Heath chime (Taylor's 1939) and two trebles added to create a ring of six.

26<sup>th</sup> May 2006: The ex-Kettering third is to become the second of six at Thurgarton, Nottinghamshire.

26<sup>th</sup> May 2006: The ex-Kettering fourth is to become the treble of six at Sibson, Leicestershire.

26<sup>th</sup> May 2006: Three of the pre-millennium ring from Chilcompton are to be used as part of the restoration and augmentation scheme at East Rudham, Norfolk.

25<sup>th</sup> May 2006: The ring of eight bells from Denholme, W. Yorkshire have been removed and are to be installed at Brompton, N. Yorkshire.

24<sup>th</sup> May 2006: The ring of eight steel bells at St Mary's, Moseley, Birmingham are likely to be replaced by a bronze ring based on the back four of the ex-Cradley Heath chime (Taylor's 1939).

22<sup>nd</sup> April 2006: The Trust is donating a second-hand bell to Clapham, North Yorkshire where it should become the third of the proposed augmentation from three to six bells.

17<sup>th</sup> March 2006: The augmentation project at Tilton-on-the-Hill has been abandoned and the ex-Hampstead bell allocated to the project is now available for re-use elsewhere.

24<sup>th</sup> February 2006: The ex-Abingdon 7<sup>th</sup> is to be hung for chiming at Falmouth parish church and the existing chime of eight bells are to be hung for full circle ringing.

23<sup>rd</sup> February 2006: Two ex-Cuddington bells and the ex-All Saints, Alton tenor bell are to be installed at Ennis Cathedral, Ireland as chiming bells.

20<sup>th</sup> January 2006: The minor ring of three bells at Otterham, Cornwall is to be restored and augmented. A tenor bell has been located to convert the ring to major scale.

4<sup>th</sup> January 2006: A surplus bell from Coleorton to replace the cracked 5th bell at Deerhurst, Gloucestershire.

## **Keltek Trust activities for 2005**

8<sup>th</sup> December 2005: A former mill bell acquired at auction by the Trust is to replace the cracked tenor at Much Cowarne as part of the bell restoration scheme.

7<sup>th</sup> December 2005: The bell which was going to be used to augment the ring of four at Llandrillo y Edeyrnion is now going to be installed in a cemetery chapel in Perth, WA, Australia.

27<sup>th</sup> November 2005: Subject to faculty the parish of Horton, Gloucestershire hope to restore their long derelict ring of five bells and augment to six. The cracked tenor is to be replaced by a bell supplied by the Trust.

17<sup>th</sup> November 2005: Harrington, Lincolnshire are to augment their ring of three to five bells. The project will involve replacing two existing bells with modern bells and adding two trebles.

26<sup>th</sup> October 2005: A bell to be hung for chiming at English Bicknor as part of the scheme to restore the ring of bells.

15<sup>th</sup> October 2005: South Africa is likely to have another ring of bells installed. A deposit has been paid by the authorities to acquire the front six bells from St Helen's, Abingdon for installation at the Cathedral church of St Cyprian, Kimberley.

16<sup>th</sup> September 2005: The Trust has acquired three ex-Pitsea clock tower bells. The smallest bell to be hung for chiming at Shore school chapel, Sydney, NSW.

10<sup>th</sup> September 2005: A small bell to be installed in Botswana for chiming.

4<sup>th</sup> September 2005: A surplus bell to be hung for chiming at All Saints, Queen's Park, Bedford.

13<sup>th</sup> August 2005: The Trust is donating a bell to Waresley, Cambridgeshire to augment the ring of three to four.

19<sup>th</sup> July 2005: A bell cast by Sheridan of Dublin and acquired from *The Sisters of Mercy* at Rock Ferry is to be installed at St John's Cathedral, Limerick as a service bell.

5<sup>th</sup> July 2005: A small surplus bell cast by an unknown founder sold to a bell-hanger.

10<sup>th</sup> June 2005: The ex-Kettering 7<sup>th</sup> bell is to replace the cracked 2<sup>nd</sup> at Collingbourne Kingston.

8<sup>th</sup> June 2005: The project to augment the ring of four at Llandrillo yn Edeyrnion has been abandoned and the bell acquired for augmentation sold to a bell-hanger.

26<sup>th</sup> April 2005: The largest of the three ex-New Shildon chime is to replace the cracked 5<sup>th</sup> bell at Sandford Orcas, Dorset.

11<sup>th</sup> April 2005: A surplus bell cast by an unknown founder sold to a bell-hanger for installation in Finland.

17<sup>th</sup> March 2005: An ex-Trinity House buoy bell bought for stock by a bellhanger to be installed for chiming at Christ Church, Bangkok, Thailand.

14<sup>th</sup> March 2005: A surplus bell to augment the ring of four to five at Brompton Ralph, Somerset.

2<sup>nd</sup> March 2005: An ex-Trinity House buoy bell to be installed for chiming at St Silas, Kentish Town.

1<sup>st</sup> March 2005: A small bell to be installed for chiming at Renishaw School, nr. Sheffield.

5<sup>th</sup> February 2005: The heavy ring of five at Bredon, Worcestershire are to be augmented to six by the addition of a surplus bell from Huntsham, Devon.

23<sup>rd</sup> January 2005: The ring of five at Llanbedr Ystrad Yw is to be augmented by a second-hand bell from Sussex.

2<sup>nd</sup> January 2005: A 19" diameter bell sold for private use.

2<sup>nd</sup> January 2005: A modern Taylor bell is being acquired to become the treble at Bolton-by-Bowland, Lancashire. Another bell will be required to complete the proposed augmentation from a ring of four to six.

1<sup>st</sup> January 2005: Another of the ex-Wokingham All Saints bells is to be re-used in Yorkshire. The old 6<sup>th</sup> bell is to become the third of four at Kirkby Overblow.

## **Keltek Trust activities for 2004**

12<sup>th</sup> December 2004: Fundraising at St Paul's church, Birmingham (The Jeweller's Church) has progressed well, and whilst there is still much to do the project team has established that they will be casting an entire ring of 10. Consequently the ex-Cradley Heath chime is now being offered elsewhere in the West Midlands area.

14<sup>th</sup> November 2004: Two bells acquired by a bell-hanger for a possible augmentation project in Hampshire.

12<sup>th</sup> November 2004: A 3 cwt bell to replace a cracked bell at Kelsall, Cheshire.

8<sup>th</sup> November 2004: A surplus bell to be installed for chiming at Romford library.

8<sup>th</sup> November 2004: A small bell to be used as a ringing demonstration bell.

6<sup>th</sup> November 2004: The recently restored ring at Sutton Cheney, Leicestershire is to be augmented to six by the addition of two second-hand bells.

5<sup>th</sup> November 2004: A small surplus bell to be installed in an empty bell cote for a church to house conversion at Brobury, Herefordshire.

2<sup>nd</sup> November 2004: A surplus bell to replace a cracked chiming bell at Deepcar, South Yorkshire.

30<sup>th</sup> October 2004: A surplus bell to be installed for chiming at St John's College, York.

20<sup>th</sup> September 2004: A surplus bell to be used as part of the augmentation from 10 to 12 at Goulburn Cathedral, NSW, Australia.

14<sup>th</sup> September 2004: A year after locating a bell to augment to a ring of five, the parish of Tilton-on-the-Hill are to acquire one of the three bells from Christ Church, Hampstead to augment to a ring of six. 17<sup>th</sup> March 2006: The scheme has been cancelled and the ex-Hampstead bell put back on the bells available lists.

16<sup>th</sup> August 2004: The Trust is to donate a surplus bell from Marden Ash to North Scarle, Lincolnshire where it is expected to become the 2<sup>nd</sup> of the proposed restoration and augmentation to six.

8<sup>th</sup> August 2004: A small bell cast by Westcot of Bristol to be installed for chiming at St David, Ely, Cardiff.

25<sup>th</sup> July 2004: The Trust has acquired the modern Taylor eight-bell chime from Grainger's Lane Methodist Church, Cradley Heath and it is hoped they will form the basis of a new ring of ten bells at St Paul's church, Hockley, Birmingham (The Jeweller's Church). Stop Press Dec 2004. Sufficient funds have been promised to cast ten new bells so the ex-Cradley Heath chime is now being offered elsewhere in the West Midlands area.

2<sup>nd</sup> July 2004: An ex-Trinity House buoy bell and the 4<sup>th</sup> of the pre-2003 ring at Kidderminster are to augment the chime of three to five at West Wittering, Sussex.

29<sup>th</sup> June 2004: The two surplus trebles from All Saints, Wokingham have been acquired for the proposed project to augment Hampsthwaite, North Yorkshire from a ring of three to six.

20<sup>th</sup> June 2004: A redundant bell from All Saints, Grays, Essex to be installed (subject to faculty) for chiming at Downhead, Somerset.

19<sup>th</sup> June 2004: An ex-Trinity House buoy bell acquired by an individual.

18<sup>th</sup> June 2004: A bell ex-Mawnan is being acquired to become the treble of the proposed augmentation to five at Great Catworth, Cambridgeshire.

1<sup>st</sup> May 2004: An ex-Trinity House buoy bell to become the treble (of five) of the proposed augmentation and remodelling of the ring of three at Scraftoft, Leicestershire.

30<sup>th</sup> April 2004: The pre-2004 ring at Kettering has been removed. The two trebles are on offer to Church Knowle, Dorset as part of the proposed project to restore and augment the ring of three to six. Bells 3-7 are being acquired by Attleborough, Norfolk as part of a proposed project to replace most of the original ring with a lighter ring of bells. 15<sup>th</sup> July 2004: The Attleborough scheme has been cancelled because of urgent repair work to the tower buttresses.

3<sup>rd</sup> April 2004: A bell formerly hung at Our Lady of Canvey, Canvey Island to become the 3<sup>rd</sup> of the proposed ring of eight at St Augustine (RC), Balmain, Sydney, NSW. This is the third bell we have located for the project.

1<sup>st</sup> April 2004: A bell formerly hung at Countess Wear, Exeter to be hung for chiming at High Kelling, Norfolk.

24<sup>th</sup> March 2004: The ex-Kettering eighth to replace the underweight 7<sup>th</sup> at Coleorton, Leicestershire.

16<sup>th</sup> March 2004: The St Levan restoration and augmentation project has been cancelled. Bells allocated to the project have been put back on the available bells list.

8<sup>th</sup> March 2004: Three surplus bells, two ex-Mawnan and one ex-Whetstone to be installed for chiming in Pretoria, South Africa.

4<sup>th</sup> February 2004: A small bell from Aldershot to be installed for chiming at Holmstead Manor, Sussex.

30<sup>th</sup> January 2004: A bell from the now demolished Roundway Hospital Chapel, Devizes to be the 5<sup>th</sup> of the proposed ring of six at Queanbeyan, ACT. The tenor is to be an ex-Trinity House buoy bell acquired by ANZAB.

27<sup>th</sup> January 2004: The front six of the pre-2004 Writtle, Essex ring are being tuned to become the back six of a ring of eight for Seattle, USA. Two bells are to be cast to complete the octave.

### **Keltek Trust activities for 2003**

13<sup>th</sup> December 2003: A surplus bell from Lancaster Antiques centre acquired by an individual.

9<sup>th</sup> December 2003: A small surplus bell from Sittingbourne to be used in a former school at Reading St, Kent.

8<sup>th</sup> December 2003: An ex-Trinity House buoy bell and a surplus bell from Herne Bay, Kent likely to be the 4<sup>th</sup> & 7<sup>th</sup> of the proposed ring of eight at St Augustine, Balmain, NSW.

8<sup>th</sup> December 2003: A redundant bell from Grimsby, All Saints likely to become the treble of six at Moseley, St Anne.

7<sup>th</sup> December 2003: A surplus bell from Wigan acquired by an individual.

5<sup>th</sup> December 2003: A bell bought from a stall at the Headington Steam Ralley likely to become the treble of the augmentation to six at Whitmore, Staffordshire.

30<sup>th</sup> November 2003: The service of dedication took place for the restoration and augmentation of the ring of 4 to 6 at Middleton, North Yorkshire. The Keltek Trust provided the additional two bells and donated one of them.

26<sup>th</sup> November 2003: A bell acquired on Ebay to become the treble and a surplus bell to become the second of the proposed augmentation to six at Beckbury, Shropshire.

3<sup>rd</sup> November 2003: A small surplus bell to be installed for chiming at Jaffna, Sri Lanka.

1<sup>st</sup> November 2003: A redundant bell from Little Carlton, Lincolnshire to replace the poor sounding 2<sup>nd</sup> at Hilmarton, Wiltshire.

14<sup>th</sup> October 2003: An ex-Trinity House buoy bell to be installed for chiming at Nambucca Heads, NSW, Australia.

9<sup>th</sup> October 2003: Subject to faculty a surplus bell from Childrey to become the 2<sup>nd</sup> of the proposed augmentation to six at St Levan, Cornwall.

4<sup>th</sup> September 2003: The project to restore the unringable three and augment to six at Stratton-on-the-Fosse has been cancelled. Bells allocated to the project are now back on the *bells available* list.

10<sup>th</sup> August 2003: A surplus bell to become the treble of a proposed augmentation of a Dorset ring of 3 to 6.

7<sup>th</sup> August 2003: A bell acquired on Ebay to become the 3<sup>rd</sup> of the proposed augmentation to six at Beckbury, Shropshire.

6<sup>th</sup> August 2003: A small surplus bell in private ownership to be hung for chiming at St Andrew's church, Mickfield, Suffolk.

5<sup>th</sup> August 2003: An ex-Trinity House buoy bell to be installed for chiming at Framlingham, Suffolk RC church.

20<sup>th</sup> July 2003: The back four of the Liverpool, Highfield St chime are to be used as part of a proposed augmentation project of a three to a six at Wickersley, S. Yorkshire.

11<sup>th</sup> July 2003: The Trust is donating a surplus Gillett & Johnston bell from Newhaven, Sussex to the Whitmore, Staffordshire restoration project where it is to become the 2<sup>nd</sup> of the proposed augmentation from three to five.

5<sup>th</sup> July 2003: The two ex-Kidderminster Gillett & Johnston trebles are on offer to Ludlow as part of a proposed augmentation project to 12.

8<sup>th</sup> June 2003: Another ring of bells for Australia. A Trinity House buoy bell acquired during 2002 by ANZAB is to be the 2<sup>nd</sup> of a ring of the proposed ring of six at Orange, NSW. Individual surplus bells from Scarborough (treble), Kent (4<sup>th</sup>), Wokingham (5<sup>th</sup>) and Kidderminster (tenor) are to be included in the ring.

30<sup>th</sup> April 2003: A small Gillett & Johnston bell to be installed for chiming at St John's, Ranmoor, Sheffield.

15<sup>th</sup> April 2003: Hunslet church has recently been found to have serious structural problems. The scheme to install the back four of the ex-Highfield St, Liverpool chime as part of a lighter ring of bells has been cancelled.

14<sup>th</sup> April 2003: It is anticipated that a surplus bell from Elmsett, Suffolk will be used to augment the ring of five at Bacton, Norfolk to six.

11<sup>th</sup> April 2003: The pre-2002 Whetstone 4<sup>th</sup> bell to augment a Leicestershire ring of four to five.

25<sup>th</sup> March 2003: The old 7<sup>th</sup> from Kidderminster to be acquired for a potential ANZAB bell installation project (see 8<sup>th</sup> June 2003 announcement).

16<sup>th</sup> March 2003: An ex-Trinity House buoy bell to become the treble of six at Scarrington, Nottinghamshire.

13<sup>th</sup> February 2003: A bell from the Holy Spirit, Prestatyn likely to be used as part of an augmentation from three to five bells at a church in Gloucestershire.

1<sup>st</sup> February 2003: A surplus Llewellyn & James bell (ex-Cheddar treble) is to augment the ring of five at Badsworth, Yorkshire to six.

26<sup>th</sup> January 2003: An ex-Trinity House buoy bell to be installed for chiming in South Yardley, Birmingham.

11<sup>th</sup> January 2003: An ex-Trinity House buoy bell to be installed for chiming in Lagos, Nigeria.

8<sup>th</sup> January 2003: A small bell cast in 1790 to replace a chiming bell stolen from Llanfaglan Old Church, Caernarfon.

4<sup>th</sup> January 2003: A bell cast by Wilson of Glasgow to be hung for chiming at Waiheke Island, New Zealand.

### **Keltek Trust activities for 2002**

28<sup>th</sup> December 2002: A modern surplus bell from New College, Southampton acquired to be part of a new ring of bells in Nottinghamshire.

19<sup>th</sup> October 2002: An ex-Trinity House buoy bell to be installed for chiming in a newly constructed church in Dublin.

17<sup>th</sup> October 2002: Three redundant bells from different places to be slightly re-tuned and installed at St John's RC Cathedral, Limerick to create a chime of four bells.

30<sup>th</sup> September 2002: An ex-Trinity House buoy bell sold to Rev. Peter Newing for a Gloucestershire augmentation project.

30<sup>th</sup> September 2002: An ex-Trinity House buoy bell to be installed for chiming in Antigua, West Indies.

6<sup>th</sup> September 2002: A surplus Wells of Aldbourne bell to be acquired by Advent, Cornwall to augment their ring of bells.

2<sup>nd</sup> September 2002: The surplus Llewellyn & James bell from Laira, Plymouth is to be installed for swing chiming at Dowlais nr. Merthyr Tydfil.

1<sup>st</sup> September 2002: Two surplus Rudhall bells to be used as part of a clock chime.

22<sup>nd</sup> August 2002: A small bell to be installed at the Nook public House, Bushmills, County Antrim.

22<sup>nd</sup> July 2002: A 1902 Taylor bell from a redundant church in Patna, Scotland to replace the poor-sounding tenor at Whetstone, Leicestershire.

22<sup>nd</sup> July 2002: A surplus bell to become the treble of the proposed augmentation to eight at Polesworth.

11<sup>th</sup> July 2002: A surplus bell from Herne Bay, Kent to be used in a Somerset restoration and augmentation project.

10<sup>th</sup> July 2002: An ex-Trinity House buoy bell to be installed as a service bell at Littlehampton, RC.

4<sup>th</sup> July 2002: An ex-Trinity House buoy bell to augment the ring of three at Fulbrook, Oxfordshire to four.

28<sup>th</sup> June 2002: Subject to faculty and fund-raising etc. a surplus bell is to augment Sandon, Staffordshire to a ring of six.

26<sup>th</sup> June 2002: Two ex-Trinity House buoy bells acquired for stock by ANZAB for potential future bell projects.

20<sup>th</sup> June 2002: A surplus bell to become the treble of the proposed augmentation to six at Llandrillo yn Edeyrnion, Clwyd.

6<sup>th</sup> June 2002: An ex-Trinity House buoy bell to be installed as a service bell at Holy Rosary cathedral, Vancouver, BC, Canada.

29<sup>th</sup> May 2002: An ex-Trinity House buoy bell to become the 2nd of the augmentation to six at Barbon, Cumbria.

19<sup>th</sup> May 2002: An ex-Trinity House buoy bell to be installed at Combpyne, Devon subject to a bell being made available from the redundant church at Rousdon. The bell will be bought back by the Trust if the project does not proceed.

28<sup>th</sup> April 2002: A surplus bell acquired for the Middleton, N. Yorkshire augmentation project.

28<sup>th</sup> April 2002: An ex-Trinity House buoy bell acquired by a bell-hanger for a potential project.

26<sup>th</sup> April 2002: A small bell to be installed for chiming at the former church of St John, Uxbridge.

22<sup>nd</sup> April 2002: Two ex-Trinity House buoy bells acquired by a bell-hanger for potential projects.

22<sup>nd</sup> April 2002: An ex-Trinity House buoy bell to become the 2nd of the proposed ring of six at Menangle, NSW.

17<sup>th</sup> April 2002: The ex-Stanton-in-Peak ring to be installed for ringing at Hartington, Derbyshire.

27<sup>th</sup> March 2002: A small bell to be installed for swing chiming at Cayton School, near Scarborough.

22<sup>nd</sup> March 2002: A bell acquired from a scrap yard to be the second of an augmentation to five at Thorpe Arnold, Leicestershire.

13<sup>th</sup> March 2002: An ex-Trinity House buoy bell to replace the existing 2nd bell at Little Wymondley, Herts. as part of the restoration and augmentation project.

12<sup>th</sup> March 2002: An ex-Trinity House buoy bell to become the 3rd of the proposed augmentation to a ring of six at Potterhanworth, Lincolnshire.

5<sup>th</sup> March 2002: An ex-Trinity House buoy bell to be installed for chiming in a Tanzanian church.

5<sup>th</sup> March 2002: An ex-Trinity House buoy bell to become the 3rd of the ring of six at Prestatyn, Clywd.

1<sup>st</sup> March 2002: A small bell acquired from a scrap-metal yard to become the treble of four at Little Wymondley, Herts.

28<sup>th</sup> February 2002: The smallest of three bells from Llandybie quarry to become the treble of the proposed augmentation to five at Inworth, Essex.

28<sup>th</sup> February 2002: A small bell to be hung for chiming at Peel (RC), Isle of Man.

28<sup>th</sup> February 2002: An ex-Trinity House buoy bell to be installed for chiming at All Saints, Crondall, Hampshire.

25<sup>th</sup> February 2002: A bell to be acquired by Rev. Peter Newing for a potential augmentation in Gloucestershire.

24<sup>th</sup> February 2002: A proposed new ring of bells to be installed at Hampstead, Christ Church.

4<sup>th</sup> February 2002: A ring of eight bells is to be installed in one of Australia's oldest churches. St James, Sydney is to install the ring using one of the ex-St Paul's, Bristol bells as the tenor.

14<sup>th</sup> January 2002: The largest of three bells from Llandybie quarry to become the treble of the proposed augmentation to five at Barby, Northamptonshire.

15<sup>th</sup> January 2002: Two bells, one ex-New Shildon and the other ex-Llandybie quarry to become the treble and second of the proposed augmentation from 3 to 6 at Potterhanworth, Lincolnshire.

8<sup>th</sup> January 2002: A ships bell to be used for a font at West Huntspill, Somerset.

### **Keltek Trust activities for 2001**

December 2001: A small chiming bell to be installed at the Myddelton Retreat, Ilkley, Yorkshire.

26<sup>th</sup> November 2001: A small bell from Cannock to be hung as a school calling bell near Drybrook, Gloucestershire.

9<sup>th</sup> November 2001: A bell from a redundant church in Co. Durham to be installed at Caunton, Nottinghamshire to augment the ring to five. In 1997 the Trust located a bell which allowed Caunton to augment to four.

5<sup>th</sup> November 2001: Subject to formal PCC approval, a modern Taylor bell acquired by the Trust is to become the tenor of an augmentation from 2 to 3 bells at Thoroton, Nottinghamshire.

3<sup>rd</sup> November 2001: With funding for the repairs to the tower at St Nicholas, Deptford in place, the parish have indicated that they would like to install the ex-Homerton ring. Deptford appears on the "lost rings" list as 6 of its ring of eight were removed in 1955.
